Hi Scott

As we move back into the lockdown scenario's again I wanted to confirm that as a designated Essential Service Finance Now will continue to operate and support our customer's needs.

Our priority remains the health and wellbeing of our staff and family, as I am sure your own teams and families are your immediate priority.

Our "Working from Home" processes have been re-established and we are fully functional to support all our Motor Vehicle finance partners in processing applications and purchasing approved and valid contracts as per our normal criteria.

Our Motor Vehicle Support teams are available for all normal contact methods however I do recommend for you to utilise Qik Chat and emails as the preferred initial contact strategy and to support contactless delivery use our Electronic Authorisation of the loan agreement option in conjunction with the FNL Biometrics tool

Also, please do not hesitate to contact your [Finance Now Regional Managers](#) on any of the above details and who will be continuing to work and support your business for any queries of your queries.

If there is anything you require from us please do not hesitate to contact us.

Kind regards

A handwritten signature in black ink, appearing to read "Luis", with a long horizontal flourish extending to the right.

Hadyn Halls
