## Qik Address Finder

Address Finder is an enhanced version of Address Picker, that gives you access to the latest address information from the NZ post website. Previously, Address Picker only matched to addresses having had mail delivered to that address by NZ Post. Now Address Finder will check all address types known to NZ Post.

### To enter an address in the Qik Application form:

- Simply start typing and the options automatically start to waterfall for you to choose
  - Click on the correct address & it will populate in the applicable fields

The screenshot shows the 'Current Address' section of the Qik application. A search bar contains '137 wai'. Below the search bar, a dropdown menu lists several address suggestions, each with a '137' prefix and a location. The suggestions are: 137 Waihi Road, Hawera 4610; 137 Waimana Road, Waimana 3196; 137 Waikato Street, Taupo 3330; 137 Waikumete Road, Ngatea 3597; 137 Waikawa Road, Picton 7220; 137 Waimairi Road, Ilam, Christchurch 8041; 137 Waihi Road, Judea, Tauranga 3110; 137 Waikumete Road, RD 1, Ngatea 3597; 137 Waiau Crescent, Kingswell, Invercargill 9812; and 137 Waimea Road, Nelson South, Nelson 7010. The interface includes a 'Reset Address' button and a search bar with 'Address Finder' text.

- If the Address matched is post coded a **Green** tick will appear for a perfect verification

The screenshot shows the 'Current Address' section of the Qik application. The search bar contains '137 Waimumu Road, Massey, Auckland 0614'. To the right of the search bar, there is a red arrow pointing right and a green checkmark, indicating a successful verification. The interface includes a 'Reset Address' button and a search bar with 'Address Finder' text.

- If the address is valid but has not got a postcode, then a **Red** cross will be displayed
  - This means it is a legitimate address, but no one has mail delivered to that address
  - You will need to confirm how the customer receives their mail and advise Finance Now
    - Postal addresses are not currently able to be entered in Qik for consumer but may in future

The screenshot shows the 'Current Address' section of the Qik application. The search bar contains '1808 Highway 50, Ongaonga 4278'. To the right of the search bar, there is a red arrow pointing right and a red cross, indicating a failed verification. The interface includes a 'Reset Address' button and a search bar with 'Address Finder' text.

- A warning banner appears at the bottom of the page requesting you confirm how the applicant receives their mail with a "Close" button to allow you to continue.

The screenshot shows a warning banner at the bottom of the page. It contains the text: 'Sorry, we cannot verify this address has a Postal Delivery Point. Please check with the Primary Applicant how they receive mail via post. Please click 'Close' button to continue.' To the right of the text is a 'Close' button.

- You still have the ability to expand the address fields and manually free type an address if for some reason the address is not available by clicking on the "plus" button.

## Email Verification

Qik will now check email addresses:

- Checking the format and domain names are correct.
- A popup box will appear as part of the evaluation process and clear if the address is valid or take you back to the field which will be highlighted in **Red** if it isn't for you to correct.
